KURMA Distribution Program

Dates, also known as “Kurma” in Malay language, have been enjoyed for thousands of years in the Middle East. A versatile fruit that can be enjoyed in many different ways, “Kurma” is often used to break fast or dessert, due to its natural sweetness.

In the holy month of Ramadan, many Muslims practice of eating sweet tidbits before eating their full meal. “Kurma”, being one of the fruits rich in soluble dietary fibers (especially pectin), these fibers attract water which in turn increase the fluidity of our stomach content and therefore it provides the feeling of fullness by prolonging the time spend in the stomach.

Mr. Tony Tee, Our Group Chairman / Group Managing Director continues the tradition of distributing “Kurma” to Galaxians as one of his personal gifts to staff at the beginning of each Ramadan month to represent its cultural, spiritual, and charitable significance.

椰枣派发活动

作为一种在中东地区已被享用上千年的特色食品，椰枣或海枣，或马来语中的“KURMA”，在马来西亚有着各式各样的享用方法。椰枣拥有丰富的天然糖分及甜度，经常被当成开斋前或餐后的甜点。

在斋戒月时，许多穆斯林都有正餐前食用甜性零食的习惯，椰枣是最常见的选择。椰枣作为一种拥有丰富可溶性纤维（尤其是果胶）的水果，能够吸收食物中的水分，增加肠胃的长时间饱胀感。

延续着宇宙集团的传统及作为个人的馈赠，集团主席兼集团董事经理郑文财先生在斋戒月到来之前，赠送给所有宇宙人具有文化、精神以及慈善象征意义的椰枣。

Every individual associate company then organized their individual luncheons when we return to work from the holidays. Many popular and delicacies Malaysia dishes such as ketupat, rendang, satay, lemang and different type of traditional cookies are served during the lunch.

欢庆开斋节

开斋节对马来西亚穆斯林来说是个重要的节日，它不但代表长达一个月的斋戒期圆满结束，同时也是穆斯林为过去一年所犯下的错误祈求宽恕的特别日子。
