Chairman Message 主席的信息

Going Strong the 50th Issue and Beyond

It is with great pleasure that I extend my heartfelt greetings to all of you in this special 50th issue of the Galaxy Bulletin. Our Bulletin has been through a lot of transformation over the last 27 years, to arrive at its new and improved form today .

Our plan to complete this special issue on the 1st Quarter of 2020 was delayed due to the lockdown caused by COVID-19 pandemic. As a result, we have finally achieved our 50 pages of content for this special issue as planned initially with our business and staff activities.

During lockdown, our operations carried on from home on standby as some of our customers are frontliners and we wanted to ensure no disruptions in providing our services. As we seek creative ways to thrive in a new normal while moving past this pandemic, I would like to take this opportunity to thank our Galaxians who have adjusted their ways of working to continue supporting our valued customers and business partners. I am proud of the working values, spirit and unity that they have demonstrated during these unprecedented and challenging times.

To our customers and business partners, we know how extraordinary these times are for you and your businesses. However, we strongly believe that solidarity will help us get through this difficult time together. In this time of uncertainty, there is one thing you can always count on - our commitment to you and your success. Let us get through this together for a better shared future.

The COVID-19 Pandemic has served as a wake-up call for us all to take responsibility of our health and the environment. Simultaneously, we should also take the time to reflect on the pre-pandemic society and life that we used to enjoy.

I am delighted to share this special edition of the Galaxy Bulletin with you, and I hope you enjoy reading it. Wishing you all the best as we continue to stay positive, and test negative.

Together We Are Stronger

我很高兴在第 50 期特别版的宇宙资讯 (Galaxy Bulletin) 中向大家致以衷心的问候。27 年来，宇宙资讯经历了蜕变，我们今天取得更大的改进和新的展现面貌。

COVID-19 冠病疫情的大封锁，原本应该在 2020 年第一季度完成的特刊被逼推迟，但是这份 50 项内容的业务和员工活动的特刊还是不辱使命，如愿完成。

封城锁境期间，我们维持居家运营，密切关注前线人员的客户，确保他们的服务不会受到干扰或中断。我感谢我们的“宇宙人”采取富有创意的方式调整工作，在疫情大流行的新常态中度过，并且为尊贵的客户和业务合作伙伴持续服务。我为他们在这个前所未有的艰难时刻所表现的工作价值观、精神和团结感到自豪。

我们的客户和业务合作伙伴，在这期间经历了重重困境，但我们坚信，团结将能协助我们一起走出困境。在这个充满变数的时期，您始终可以相信一件事，您的成功是我们坚守的承诺。让我们一起渡过难关，共创美好的共同未来。

LDRA Software Testing Tools Training at German Malaysian Institute

Software Testing is becoming increasingly important and the benefits of testing include preventing bugs, saving time, security, reducing development costs and improving performance. Living in a smart society where things are changing rapidly, there is a great demand for software testing tools and software testing engineers for businesses to stay competitive.

German Malaysia Institute (GMI) saw the potential for demand in software testing engineers and it began offering the diploma in software testing engineering in 2019.

We acquired an outstanding software testing program from England and Korea and implemented product training. The training took place virtually via WebEx for 3 weeks and was divided into 3 different modules from December 2020 until 15th January 2021. The biggest challenge occurred when the training on the 3rd Module had to be conducted at home as the Movement Control Order (MCO 2.0) was reinstated on 11th January. Many last minutes arrangements were made and we are lucky to have everything go on smoothly. We would like to thank those who were involved in the training including the oversea trainers, the lecturers from GMI and our engineering team for their understanding and cooperation that led to the success of the training

软件测试越来越重要，测试的好处可以防止错误、节省时间、安全、降低开发成本和提高性能。生活在一个瞬息万变的智能社会中，企业对软件测试工具和软件测试工程师的需求很大，以保持行业中的竞争力。

德国马来西亚研究所（GMI）意识到软件测试工程师的潜在需求，2019年开始提供软件测试工程文凭。

我们从英国和韩国获得了一个优秀的软件测试程序，并实施了产品培训。这项3周的虚拟培训利用 WebEx 平台，从2020年12月到2021年1月15日分为3个不同的模块进行。由于行动管制令在1月11日重新实施，第3个模块的培训必须在家中而面临最大的考验。我们做了许多临时的安排，也很庆幸一切顺利进行。非常感谢参与培训的海外培训师、德国马来西亚研究所讲师以及我们工程团队的理解与配合，使培训取得成功。

Malaysia is a multiracial and multicultural country where all races practice their respective beliefs and religions. Galaxy group of companies celebrate all festivals throughout the year including Christmas.

Due to pandemic , our last Christmas celebration was carried out on a smaller scale following strict SOP where each associate company and branch celebrated on their own. However, we continued to have Christmas decorations in the main entrance , showroom , office in all the associate companies and branches for the whole month of December.

Every company and department had their own Christmas Luncheon and gift exchange on Christmas Eve. The winner of the best Christmas decoration was announced before the end of the day.

马来西亚是一个多元种族和多元文化的国家，所有种族都自由举行各自的信仰和宗教。宇宙集团也全年庆祝我国各民族庆祝的所有节日，包括西方的圣诞节。

由于疫情的严重，集团的圣诞节庆祝活动遵循严格的标准作业程序进行，每家子公司和分行单独庆祝，规模也比往年缩小。然而，在整个的 12 月间，所有子公司和分行的正门面、陈列室和办公室，都布满圣诞节的装饰，洋溢着节日的喜庆气氛。
